

Orbit Toddler Team

What's involved?

Every Tuesday from 9 am to 12 pm we create a play space for toddlers in the cafe. The team set up and then chat with all who come along. Programs will develop as the group develops. Set up starts at 8:30 and all the equipment is stored at the Orbit.

What kind of person is needed?

People who can help set up the play area and engage with the children, grownups, and the staff. We would also like to find a few people to help run the cafe during the playgroup hours.

What's the commitment?

Ideally, we would like people who could be there on a regular basis to help develop relationships with the repeat customers. However, since running the group itself doesn't require a lot of work or organization it's okay if you can't commit to each week.

What training is available?

You will be shown where and how everything is stored, set up and packed away. The Orbit staff will train us to run the coffee machine, make various types of coffee and run the till.

Who should I speak to? Nick Brooke
