

Sunday Lifts

What's involved?

Giving people lifts to church who would not otherwise be able to attend.

What kind of person is needed?

A reliable person, with a driving licence and a car that is accessible to those with limited mobility.

What's the commitment?

This depends somewhat on the number of people available to give lifts, and those needing them. We can work the rota around whatever availability you have.

What training is available?

There is no specific training, but those giving lifts will be required to have a DBS check for working with vulnerable adults.

Who should I speak to? Lynda Bunn
